

Canopy Selection

Call 888-584-8881 toll free today!

Peaked Roof:

The peaked roof canopy offers classic styling with a modern twist. Powdercoated steel frame with built in supports allows for easy mounting of cup dispensers wherever they are needed. Mounting hardware and support posts are available in your choice of brass or chrome. Textured polycarbonate cover (shown) is translucent and UV protected.

Elliptical with Polycarbonate top

Modern styling makes this elliptical canopy stand out, traditional signage or menus can be easily attached to front. Powdercoated steel frame with built in supports allows for easy mounting of cup dispensers wherever they are needed. Mounting hardware and support posts are available in your choice of brass or chrome. Polycarbonate cover (shown) is translucent and UV protected.

Cabinet:

Overhead canopy provides additional storage and a classic look. Traditional signage or menus can be easily attached to front. Optional crown molding is available in black or hardwood. Panels can be wood grain, or laminate. Mounting hardware and support posts are available in your choice of brass or chrome. This style is also easily adapted to larger multiple cart kiosk units. Not recommended for outdoor use.

Tri-Beam Lighting Truss:

Styled after industrial lighting rigs. This modern look provides an overhead presence without being obtrusive. Steel frame is powdercoated black (standard finish) but other colors are available upon request. Optional lighting or menus can be easily attached. Three piece truss bolts together for easy assembly and transportation. This style is also easily adapted to larger multiple cart kiosk units.

Traditional 1/2 Barrel:

Original Seattle style canvas canopy. Powdercoated steel frame with built in supports allows for easy mounting of cup dispensers wherever they are needed. Mounting hardware and support posts are available in your choice of brass or chrome. Velcro canvas cover is easily removable for transport or cleaning.

Canopy corner section:

Works with both Cabinet style and peaked roof style canopies to fill in the corner of an "L" or "U" shaped kiosk. Shown here with a peaked roof canopy.

Stainless Steel Cup Sculpture:

Add this attractive, attention getting sculpture to any canopy. Available in two sizes, choose the one that is right for you.
